

RETIREMENT PREPARE NOW OR POVERTY LATER

Unless you want to retire broke or become a burden to your family you need to do something now.

You may not realise that you will need to have accumulated \$1 million in assets (in addition to the family home) to retire on just \$50,000 per year.

Get it wrong and you can look forward to having to live on the Aged Pension of just \$360.45 per week! Keep in mind that the Federal Government has already started to reduce entitlements and to increase the retirement age. **To put it simply "Australia cannot afford to pay a pension to your generation".**

Now you may be thinking, I have Superannuation, but did you know that the median Superannuation payment last year was just \$140,000! Do you think that's going to be enough to live on for 20 years or more in retirement?

TAKE ACTION NOW

To avoid this bleak future we have negotiated for all of our subscribers to receive a very important financial service 100% free.

Find out how to take advantage of the government's incentives to enable you to take back up to 45% of the income tax you currently pay.

The average family is paying about \$18,000 per year in tax so that means you could get \$8,000 back into your pocket if it is done right.

Take Action Now with your mortgage and other debt management. We can show you how to cut up to 1/3 off the time you have left to pay your mortgage.

We are offering a FREE, No Obligation one on one consultation with a Money Management Coach in the comfort of your own home ...

OR ...

an opportunity to attend a Financial Freedom Workshop at a venue with our team.

Unfortunately not everyone will qualify for this service and be able to receive the tax benefits mentioned.

So to see if you could take advantage of this you will need to answer the following questions.

- 1) Would you have at least 10 years before you reach the standard retirement age of 70?
- 2) Do you have a combined gross annual income over \$50,000?
- 3) Do you have over \$80,000 equity in your home or equivalent savings?

If you can answer Yes to all of the above then you qualify.

These coaching sessions are extremely popular and normally cost \$195.00 **but for anyone who registers their interest in the next 4 weeks we are offering them FREE including a detailed report.**
